

MICHELLE BURK, PHD

LEARNING DEVELOPMENT STRATEGY

Building Human-Centered Learning Ecosystems for the Future of Work and Education.

Programming: I design and lead transformative academic programs that bridge research, creativity, and experiential learning, empowering institutions to cultivate inquiry-driven, high-performing learners.

Mentoring: I mentor educators and teams in evidence-based, human-centered pedagogy, translating complex ideas into actionable teaching strategies that drive measurable growth and engagement.

Strategy: I develop data-informed learning and development strategies that align employee experience with organizational vision, translating culture and ethics into scalable systems for innovation and retention.

AREAS OF EXPERTISE

- Interdisciplinary Curriculum Design
- Faculty Development
- AI Ethics and Literacy
- Employee Experience Design
- Learning Experience Evaluation
- Instructional Coaching
- Accessibility Consulting
